The Good Driver Club (GDC) Program is not insurance and does not fulfill the contractual obligation to maintain full coverage insurance as required by a lender. As the borrower, members remain solely responsible for repaying member's auto loan, even if member's car is declared a total loss. GDC can assist with auctioning the salvaged vehicle only if members transfer its title to GDC; otherwise, members will be responsible for disposing of the salvaged vehicle themselves.

Is this car financed or leased?

The Good Driver Club (GDC) Program is not insurance and does not replace the need for full coverage insurance. While member's vehicle is not financed, please note that if it were, the lender would require full coverage insurance, and members would remain responsible for repaying the loan even if the car was declared a total loss. GDC can assist with auctioning a salvaged vehicle only if its title is transferred to GDC; otherwise, the owner is responsible for its disposal.
